A brown colored smoked sausage with coarse product definition contained in natural hog casings and produced in link form measuring approximately 10.5 inches per loop. Natural casings are approximately 28-30 mm diameter. Product is packaged in approved food contact films with a forming layer on bottom and non-forming, sealing layer on top.

Ingredients: Pork, Water, Salt, Sugar, Spices, Flavorings, Monosodium Glutamate, Sodium Erythorbate, Sodium Nitrite.

Contains no known allergens. Keep refrigerated below 41 degrees F. 56 days minimum shelf life upon delivery. Best Used By date printed on package. Product has been fully processed under a complete HACCP program and approved by the USDA. A food safety certification has also been obtained by a third-party audit.
